Description

The screenshot displays two Excel spreadsheets. The left spreadsheet, titled 'Mode\_DXT', contains a list of system modes (e.g., Mode\_SYS, Mode\_XT) with columns for mode type, ID, and other parameters. The right spreadsheet, titled 'CurMode\_Num\_Reg', shows a detailed configuration table with columns for register addresses (A-K) and their corresponding values or settings. Both spreadsheets are part of a larger project file named '302斗门站'.
